展会背景 | Exhibition Background

上海国际航空航天技术与设备展览会(简称“上海航展”)自2005年创办至今,已成功举办了七届。展会累计共吸引来自全球近四十个国家和地区的数千架民用航空、商用航空、通用航空与相关企业及行业组织参展参会,展会数年的成功举办为拓展中国航空制造业这一巨大的市场提供了广阔的平台。

伴随C919大飞机的成功首航,航空产业链国产替代加速更替,在这个万亿级市场前景下,上海作为全国乃至世界前列的国际航运中心,上海航空枢纽及配套建设已经颇具成效,并带动整个华东地区航空航天产业的急速发展。为更好的推进中国通用及民用航空业、商务航空业的发展,上海市航空学会、上海励闻展览服务有限公司与相关主管部门等单位定于2024年5月29-31日在上海跨国采购会展中心召开“2024第八届上海国际航空航天技术与设备展览会”。希望此活动的召开能为中国民航客机制造产业注入新活力,引领新风向,在航空领域为行业人士在中国搭建一个专业和富有成效的产品及服务展示、商贸洽谈、技术交流和政策解读的国际平台,促进中国航空航天产业的健康发展和国际合作。

Since its establishment in 2005, the Shanghai International Aerospace Technology and Equipment Exhibition (referred to as "AIREXPO SHANGHAI") has successfully held seven sessions. The exhibition has attracted thousands of civil aviation, commercial aviation, general aviation and related enterprises and industry organizations from nearly 40 countries and regions around the world to participate in the exhibition. The successful holding of the exhibition for several years has provided a broad platform for expanding the huge market of China's aviation manufacturing industry.

With the successful maiden flight of the C919 aircraft and the accelerated replacement of domestic substitution in the aviation industry chain, Shanghai, as a leading international shipping center in China and even the world, has achieved remarkable results in the construction of its aviation hub and supporting facilities, and has driven the rapid development of the aviation and aerospace industry in the entire East China region. In order to better promote the development of China's general and civil aviation industry, as well as the commercial aviation industry, the Shanghai Aviation Society, Shanghai Liwen Exhibition Service Co., Ltd., and relevant regulatory departments are scheduled to hold the "2024 8th Shanghai International Aerospace Technology and Equipment Exhibition" from May 29 to 31, 2024 at the Shanghai International Procurement Convention and Exhibition Center.

I hope that the convening of this event can inject new vitality into China's civil aviation aircraft manufacturing industry, lead a new trend, and build a professional and effective international platform for industry professionals in the aviation industry to showcase products and services, conduct business negotiations, exchange technology, and interpret policies in China, promoting the healthy development and international cooperation of China's aviation and aerospace industry.
